## Waverly Stone can't be used for good Roads.

Rokus Cook writes the News from  
Grand Haven that Surveying has  
been started at Jenison and also at  
Holland and the first thing the Good  
Roads commission will undertake to  
do is to strengthen the road east of  
Holland and as soon as the bonds  
are sold road building will begin at  
once. Stone from the old Waverly  
Stone plant was also analyzed but  
the material was found too soft for  
practical road building.

## Local Man in Auto Wreck

Robert M. DeBruyn, formerly of  
this city who now resided in Grand  
Rapids suffered a badly wrenched  
arm in an auto accident in Grand  
Rapids yesterday. Mr. DeBruyn was  
driving his daughter to school. The  
little girl was riding in the front  
seat with him, but fortunately escap-  
ed injury. When Mr. DeBruyn  
reached the corner of Broadway he  
turned sharply just in time to crash  
head on into an on coming Buick  
racing car driven by John Crell, run-  
ning at the rate of twenty five miles  
an hour. Riding with Crell was Pa-  
trolman Bullis who was thrown vio-  
lently out into the wreckage of Mr.  
DeBruyn's car. The policeman was  
most severely injured and although  
he refused assistance, he was com-  
pelled to call a physician upon his  
arrival home when it was found that  
he was suffering from internal in-  
juries. Crell retained his seat in  
the car and was uninjured. The  
crash of the collision could be heard  
for blocks, and Mr. DeBruyn and his  
little daughter were pinned into the  
wreckage by the demolished top and  
glass wind shield. The car was dam-  
aged to the extent of \$300.

## Holland will have a Lake Front.

The proposition that the city have  
an adequate dock and boat landing  
for the accommodation of resorters is  
at last assured, the Common Council  
adopting the following reports of the  
committee on streets and crosswalks.  
By this action the city will gain pos-  
session of the property described.

The marshes and lowlands will be  
converted into beautiful parks which  
will greatly increase not only the  
value of property in the north end  
of the city but will add to the beauty  
and attractiveness of the entire city  
and attract more visitors here than  
any other method could possibly ac-  
complish. The property owners were  
most generous in their views on this  
matter and were more than fair in  
their treatment of the city.

By this arrangement Pine street  
will extend through to the lake and  
Seventh street will cross to the  
West Michigan Furniture Co. suit-  
able dockage for steam launches will  
be built at the foot of Pine street and  
the lake front in the old swamp will  
eventually be filled in and beautified.  
To the Honorable, the Mayor and  
Common Council of the City of Hol-  
land:—

Your Committee on Streets and  
Crosswalks beg to report that they  
have received a proposal from the  
syndicate which owns the ninety foot  
strip of property between 7th and 8th  
streets, part of which is necessary  
for the opening of Pine street, for  
the sum of \$3000.00.

Your committee further reports  
that, in the event the city purchases  
said track and opens said street the  
West Michigan Furniture Co. offers  
to give the City a sixty-six foot right  
of way from 7th street north to the  
Lake, together with riparian rights.

Your Committee recommends that  
the offers be accepted and that the  
Mayor and Clerk be authorized to  
close the negotiations for the pur-  
chase of said property and the open-  
ing of said street.

Respectfully submitted,

L. E. Van Drezer,  
Jacob Lokker

Committee on Streets and Cross-  
walks.

To the Honorable, the Mayor and  
Common Council of the City of Hol-  
land:—

Your Committee on Streets and  
Crosswalks beg to report that they  
have received the following offers  
from the owners of property abutting  
on 4th street west of River street  
and Lake street between 3rd and 7th  
streets, for the vacating of said por-  
tions of said streets and the convey-  
ance by the City of its interests in  
said portions of said streets to the  
respective owners of the abutting  
property:

Ottawa Furniture Co., \$1400.00  
Scott-Lugers Lumber Co. \$500.00  
Holland Furniture Co., \$300.00

Your Committee recommends that  
said offers be accepted and that the  
Mayor and Clerk be instructed to  
close the negotiations and that there-  
upon the proper proceedings be taken  
to vacate said streets.

The informal meeting scheduled  
to be held in the council rooms be-  
tween the aldermen and the prop-  
erty owners on Twelfth street was not  
very well attended and the question  
whether or not that part of Twelfth  
street lying between First avenue and  
the lake will be converted into a  
boulevard is still in the air. It was  
decided that the property owners  
meet with the council at the city  
hall Monday night at seven o'clock  
and express their opinions on the  
matter.

The formal meeting of the coun-  
cil was called and after some dis-  
cussion it was decided that the  
reading of the minutes be dispensed  
with as the minutes are published  
in full in the Holland City News and  
each member of the council receives  
a copy of this paper, the object be-  
ing to save time.

A petition having many mer-  
chants and business men as signers  
asking that that part of the vehicle  
ordinance relating to the hitching  
of horses on the streets of the city  
be changed was represented to the  
council. A motion that the petition  
be referred to the committee on  
Ways and Means was lost. Alder-  
man Mersen said that no horse  
should be allowed to stand in one  
place long enough to harm the ani-  
mal, that that was taken care of by  
the ordinance which said that no  
horse be permitted to stand more  
than one hour and that the objection  
of the signers was made more as a  
matter of convenience so as to per-  
mit them to hitch their horses in  
which ever direction they may hap-  
pen to face. Alderman Lokker said  
that the ordinance was intended to  
make human life more safe and that  
especially during the summer  
months this matter was most nec-  
essary. The petition was tabled.

The report of Ways and Means

committee recommending that the  
city printing be awarded to the  
Holland City News as this firm was  
the lowest bidder was adopted by  
the council.

Besides being the lowest bidder  
John Ver Hoef presented bonds for  
\$500 and was awarded the city  
teaming. He will start in on his  
new duties Monday.

The committee on claims and ac-  
counts reported that the wages of  
Jacob Zuidema as assistant city en-  
gineer had been increased from 25  
cents an hour to 30 cents an hour  
by the city engineer and while they  
had no fault to find with the raise  
they wanted to know whether or not  
the salary of a city employe could  
be changed without the consent of  
the council. After much discussion  
pro and con the matter was left to  
the investigation of the committee  
on ways and means. The general  
opinion of the council was that  
while in this case the matter was al-  
right some conclusion as to where  
the line should be drawn should be  
made. This bill was allowed to  
stand approved. It was left to the  
committee on public buildings and  
property to see that the lot in the  
rear of the city hall recently made  
vacant by the removal of the old  
house which formerly stood there be  
put in good condition.

At the next meeting of the  
Council bids will be received on the  
laying of drains on Twelfth street.  
The Mayor's message in regard to  
the nine hour day with ten hour's  
pay was read and on motion of Ald-  
King was referred to special order  
of the day.

Holland, Mich., May 1st, 1912  
To the Honorable the Common Coun-  
cil of the City of Holland,  
Gentlemen:

The City Charter of the City of  
Holland confers upon the Mayor, the  
right and duty of calling attention of  
the Common Council to the consider-  
ation of such measures, as may to  
him, from time to time, seem neces-  
sary. As stated in my opening ad-  
dress, I intended to make use of this  
prerogative, as occasion might to me  
seem to demand, rather than to make

## THE REV. J. H. MOKMA LEAVES OVERISEL CHRISTIAN REFORMED CHURCH.

The Rev. J. H. Mokma, pastor of the Christian Reformed church at Overisel and who has accepted the call extended to him by the Christian Reformed church at Munster, Ind., preached his farewell sermon Sunday at Overisel church. In his sermon he called attention to the fact that he had baptized 31 children, accepted on confession of faith 31; he attended funerals and performed 25 wedding ceremonies. During his three years and seven months stay in Overisel, the church underwent several improvements. A new \$1500 pipe organ was installed and new pulpit furniture was placed.

The Rev. Mr. Mokma came to Overisel after graduating from the Theological seminary of Grand Rapids. The Rev. Mr. and Mrs. Mokma and family left today for Munster, Ind., and the pastor will be installed on next Sunday. He will preach his first sermon in the afternoon of the same day.

Because of the Rev. Mr. Tuls of Muskegon has declined the call from the Overisel church the consistory has made the following trio: Cand. G. Hoeksema, Cand. R. B. Kuiper and Cand. J. Mulder all of the Theological Seminary of Grand Rapids.

## The Grand Old Name.

All Englishmen disagree as to which of them are "gentlemen"; the problem divides the whole nation into embittered units. It is, however, generally conceded that no man is a "gentleman" who has not had a remote ancestor who robbed the country.—London Truth.

## EDWARD HAAN WINS HONORS IN DISTRICT CONTEST.

Ionia, Mich., April 27.—Herbert Thompson of Muskegon won the third district oratorical contest last night Donald Sessions of Benton Harbor won second. In the declamatory contest Walter T. Hein of Belding won first and Edward Haan of Holland second.

The first sub-district of the Third District Oratorical and Declamatory association includes Holland Muskegon Hart and Grand Haven. The second South Grand Rapids, Middleville, Portland, Belding, Hastings Saranac, Lyons Sparta and Ionia. The third sub-district is composed of Coldwater Constantine and Three Rivers, and the fourth Benton Harbor, Mendon, Coloma, Dowagiac Niles and St. Joe.

The oratorical representation was from Coldwater, Benton Harbor, Portland and Muskegon. The declamatory was represented by Holland, Belding, St. Joe and Coldwater.

## IS GIVEN FIRST PLACE LAST NIGHT IN MELIPHONE CONTEST.

The annual oratorical contest of the Meliphone society was held Friday night in the society hall. The contest was interesting and close. There were three contestants who competed for first place. They were Walter Scholten whose oration was on "John Elliot," George Steininger, who spoke on "The Real Man," taking Abraham Lincoln for a model and Theodore Zwemer, who spoke on "Henry Clay."

The orators had a good grade of orations and they were well delivered. The judges were H. V. E. Stegema, C. Dame, and O. Droppers. These men awarded first place to Mr. Scholten. The winner will deliver his oration at the public program of the society which will be given on the last Friday night of this term in Carnegie Gymnasium.

## LAW PROVIDES THEY CANNOT MONOPOLIZE THE FIELD.

Candidates for county offices who are circulating petitions may not have less than two per cent nor more than four per cent of votes cast for the secretary of state at last November election. The votes cast for secretary of state was a little less than 4,000 so that from 80 to 160 enrolled voters may sign and no more. The primary law provides: "It shall be unlawful for any candidate to wilfully

and intentionally procure more names upon nomination petitions than the maximum number prescribed in this act." "That if any nomination petition contains more than the necessary per centage of names hereinbefore referred to, the necessary four per centum shall not be considered, nor counted." Thus, the primary law prevents any one candidate from monopolizing the field by trying to secure all the signatures he can in the county. The excess above 160 signatures is a nullity and cannot be counted. It shall be unlawful for any enrolled voter to sign more than one petition for the same office except where there are two or three candidates to be nominated for the same office, when he may sign as many petitions as there are persons to be elected to such office."

## Democrats and Republicans Choose Full Tickets—Some Blanks On Socialist Ticket.

The various parties in Holland held their caucuses Friday night for making nominations for the election of charter commissioners. The democrats met in the Board of Trade room and B. P. Donnelly acted as chairman of the caucus. Nominations for Charter Revision Commissioners were made as follows:

For Commissioners at large—Henry Brusse, Herman Van Tongeren John C. Dyke.

First Ward—

William O. Van Eyck

Second Ward—

Louis J. Vandenburg

Third Ward—

N. C. Knooihuizen

Fourth Ward—

Rudolph H. Habermann

Fifth Ward—

Anthony Van Ry.

The following resolutions were adopted:

The democrats in caucus assembled favor

First—A change in the city charter which will give the city of Holland nine representatives on the board of supervisors; one from each Ward; two for the city at large who are also to act as assessors and the Mayor.

Second—The payment of taxes on Bonds for street improvements in ten years instead of five years as under the present charter.

Third—Semi annual payment of taxes instead of annual as under the present charter.

We are opposed to any change in the charter that would place the various city boards in politics.

In the republican convention Dr. J. J. Mersen acted as chairman and H. Geerlings as secretary. The following nominations were made:

For Commissioners at large—

D. W. Jellema

G. Van Schelven

E. P. Stephan

First Ward—

Prof. J. H. Kleinheksel

Second Ward—

John Vanden Berg

Third Ward—

C. H. McBride

Fourth Ward—

The Rev. E. J. Blekkink

Fifth Ward—

H. J. Luidens.

Following is the ticket nominated by the socialist party:

For Commissioner at large—

W. H. Bingham

First Ward—

Harry Mouw

Second Ward—

C. De Witt

Third Ward—

B. Dok

Fourth Ward—

M. Brouwer.

## PAUL COSTER WILL DEVOTE HIS ATTENTION TO PHOTO SUPPLY COMPANY.

Was One of Original Carriers Who Carried Mail in This City.

After having been in the service since the city carrier system was established in Holland some thirteen or fourteen years ago Paul Coster will discontinue this work in the near future and will devote all his attention to the Coster Photo Supply Co. Mr. Coster will quit the mail service May 14 and after that date his route will be supplied by some one else.

He was one of the original four city carriers and he has been on the job ever since. The other three who started the service with him were Frank Doesburg, Jacob Geerlings, and Wm. Vander Hart. Of these Geerlings and Vander Hart are still in the service.

Mr. Geerlings has held all the offices in the State Mail Carriers' association from president down to secretary and treasurer, and he has attended a number of state conventions. About four years ago he established the Coster Photo Supply company and he has developed this from a small business to one of such a size

that it requires all of his attention.

Coster estimates that each day while on his route he walked about twelve miles. This for the thirteen or fourteen years that he has been in the service would total up to very nearly fifty thousand miles or about twice around the world.

## MAN'S LITERARY CLUB YESTERDAY.

DELIVERS ADDRESS BEFORE WOMEN Present at Meeting Are Called On to State Their Position On Question.

For more than an hour Tuesday afternoon Mrs. Huntley Russel spoke to the members of the Woman's Literary Club and some guests on "Equal Suffrage in Michigan." The lecture of Mrs. Russel came after a talk on health problems by Dr. Godfrey and Mrs. Russel said there was a very vital connection between health and equal suffrage. The woman can do much toward making this land a better place to live in but she is constantly handicapped in her work because she lacks the power that the ballot gives.

"The woman suffrage movement," said Mrs. Russel "is part of the onward sweep of Christianity. It is in line with the ideals of Christianity, passing on to others what we have ourselves, and doing to others as we would have others do to us. Women are natural missionaries and they are the ones who are carrying a great work in social service. But every where in their social service they run up against laws made by men, and they often are powerless to do the things for their sister women because they cannot make the laws that govern the lives of the many. It is hard work for women to help women and children, of whom they are the natural helpers, without the ballot. It leaves them often powerless. Woman suffrage is the next step in the evolution of society."

"Equal suffrage appeals to various classes of women in various ways. Here are some examples and they contain arguments for votes for women:

"Taxation without representation is unjust. Women are large property holders and they have the same grievance against this government that the Revolutionary fathers had against the government of England.

"Many women want the ballot because they are mothers and they want a say in controlling conditions under which their boys and girls shall grow up. It has been shown in the states where women can vote that their votes are invariably on the side of morality in public questions. The experience seems to be that men vote for various political or business reasons, while women have a habit of looking all questions squarely in the face and deciding them on their merits.

"Teachers need the ballot just because they are teachers and should have a right to have a say in the control of conditions under which they shall make good citizens out of the boys and girls under their care. For the same reason all working girls should be allowed to vote. They often work under conditions that wreck their lives and they are powerless to remedy matters.

"It is well said that woman's place is in the home. This statement cannot be denied; but home is wherever woman is. The inside and outside of the home are closely interrelated and the home builder should have no power to create such surroundings as will make a real home. She should be given a voice in the control of play grounds, parks, moving picture theaters, and thousands of other agencies that vitally affect the lives of her children every day. There seems no good reason why woman's moral influence should be kept out of politics; and all the less reason if it is true that politics is generally corrupt.

"Woman suffrage will increase the educated vote very materially and the vicious and immoral vote very little. A third more girls are graduated from the American High schools than boys and there are a great many more illiterate immigrant men than women.

"Most of the countries of the world are ahead of America in matter of Woman Suffrage, and even the women in China can today vote on an equal basis with the men. There is hardly a country on earth where the question is not receiving serious governmental attention."

Mrs. Russel told the story of the fight for suffrage in the Michigan legislature. She told of the organization that is being affected in the various counties in the state to get out a favorable vote next November. She strongly urged the women of Holland and Ottawa county to get into the game and help in the fight.

All the men present were called upon for an expression of their opinion on the subject and the following made brief remarks: C. H. McBride, Nicodemus Bosch, the Rev. H. J. Veldman, the Rev. F. O. Grannis, the Rev. P. E. Whitman, Fred T. Miles, Thos. N. Robinson, L. E. Van Drezer, Dr. B. B. Godfrey, A. B. Cotton and Arnold Mulder.

A committee of three was appointed to look after organization here for the cause.

## THE REV. WILLIS G. HOEKJE AND ANNA MARGARET NISBET HAIL ARE WEDDED.

On April third, occurred the marriage of the Rev. Willis G. Hoekje to Miss Anna Margaret Nisbet Hall at the home of the bride's parents in Osaka, Japan. The ceremony was performed by the bride's father, the Rev. A. D. Hall, D. D. Master Aleck Hall, a nephew of the bride, scattered flowers before her, and she was attended by her two nieces dressed in pink and white. The bride carried a beautiful bouquet of wistaria blossoms. She was given away by her uncle, the Rev. John B. Hall, D. D. Mr. Anthony Walvoord of Nagasaki acted as best man. The rooms were prettily decorated in pink and green with flowers, ferns and palms. The wedding guests included a number of Japanese and foreigners, among the latter the U. S. Consul of Kobe. After the ceremony the bridal couple left for a short wedding journey, being plentifully sprinkled with rice and followed with exploding firecrackers. The Rev. and Mrs. Hoekje will be at home in Nagasaki, Japan, where the Rev. Mr. Hoekje will be a member of the Steele Academy faculty, the coming year. He is the missionary pastor of Hope church, Holland.

## TALK PLANS YESTERDAY AT MEETING IN GRAND HAVEN.

Deputy State Highway Commissioner Frank Rogers of Lansing met with the Ottawa County board of road commissioners in the county clerk's office yesterday morning. Practically the entire time was taken up with the discussion of plans for the construction of the roads including a consideration of the material to be used. Mr. Rogers explained at length the best method of procedure in road building and intimated that a good screen gravel would prove an acceptable and durable material of which to construct the roads. The matter of using Waverly stone for a foundation in building the Ottawa county roads was also discussed. A road built of Waverly stone as a bottom, and a surface of screened gravel, would claim a higher state reward, than would a road constructed entirely of gravel.

Mr. Rogers is thoroughly posted on road building and his remarks yesterday were of particular value to the commissioners. Mr. Rogers was entertained at dinner at the Colonial by Dr. De Kleine and in the afternoon the state officer and the commissioners made a trip out into the county in the doctor's car, covering some of the roads adopted by Ottawa county.

## GATHERING IN CITY HALL FOR PURPOSE OF DISCUSSING BONDING ISSUE.

Voters Will Be Given Chance Tomorrow Night to Ask Questions About High School.

This evening at 7:30 in the court room in the city hall the people of Holland will be given a chance to learn why this city should be bonded for the sum of a hundred thousand dollars for the purpose of building a new high school. A hundred thousand dollars is a pretty neat sum and the people who are to foot the bill have a right to know just why this money should be spent. The board of education and those who are interested in the building of the new school have not the slightest doubt that the people will approve of the bond issue when they know all about the plans.

The public knows in a general way that Holland is to build a new school and they are more or less mildly interested. But in order to get the building the necessary funds must be voted. Because of the litigation in regard to the site the board has not done much publicity work hitherto in regard to the new building but it is necessary that all the people should know all about it. It is to be first and last the people's building. They will use it and they will have to pay for it.

For this reason a public mass meeting seems the most desirable to bring in greatest amount of information to the public in the shortest possible time. The meeting will be informal and everybody will be made perfectly free to ask all the questions and to make all the suggestions he wants to. It is very essential that all the voters should come out and hear the discussions before casting a ballot on the question on May 14.

## Fillmore People Purchase One For Road Building.

At a meeting of the township board of Fillmore township Tuesday it was decided to purchase for the building of stone roads a steam roller. Because the roller will have to be used for a variety of purposes a general purpose engine was decided upon instead of a regular road roller like the Kelley-Springfield rollers such as Holland owns.

Representatives from six road roller companies were present at the meeting and showed the advantages of their respective rollers. The board finally decided on a ten ton roller. This represents the weight when it is empty. When loaded to its capacity it is about twelve tons in weight. The name of the roller is the Port Huron and the cost is \$2100.

## Surprised Japanese Husband.

Out of burning jealousy Torakichi Hatano rained blows with a club on his wife, Tchi, who was asleep in bed. The blows rendered the woman senseless and this surprised the brute of a husband.—Japan Times.

### In the Interest of Education

A question of prime importance that is to be voted on this month seems to have become swallowed up in the consideration of other questions of importance that confront the city. This is the bonding proposition in which the people are to decide whether or not Holland shall issue \$100,000 worth of bonds for the building of a new high school.

The News, last week, published an editorial in which we commended the profitable management of our light and water plants. We are proud of these municipal institutions that through careful and painstaking labor have become models which other cities in the state strive to equal. We are not any less proud of the success that has come to another of our municipal plants—namely, our school plant.

We are proud of the fact that since the day our city was founded we have placed high the standards of education. And from our public school plant there has been declared annually a dividend richer and more profitable than any fifteen per cent dividend that has been produced by our light and water plants since they were established, a dividend of brains and power.

We are proud of our streets, proud of our parks, proud of our homes, civic and private, but an important feature of our growth has had scant attention during the time we have spent upon our other municipal improvements. The school buildings have become shamefully inadequate and outgrown. So much is this true that even now it has become necessary to hold some of the classes in the city hall. We need a new school building and while we are about it let us get a good one, one that will supply not only the present needs but will provide for the years of the future that are bound to bring further expansion and growth. Let us put up a building that will be an ornament to the city and a source of pride to all of us.

The board of Education, backed by the entire city, has fought a hard fight for the site upon which this building is to stand. They have won the victory. When the fine new school building is completed there can be none to say that the effort has not been worth while, that a great want in our municipal life has not been satisfied and that our duty to our children has not been fulfilled.

### What We Want is Men

On the eve of the election of the charter commission let us pause and ask ourselves what we really want. One thing that we did want was a non-partisan election, but this, for some reason that has not been explained to us, was obtained only in part. But every voter who goes to the polls can make the election non-partisan. Only the best men should receive our votes regardless of party affiliation.

We need the best men because we want to get around the difficulties that surrounded the futile attempt to put through an amended charter in Grand Rapids and Muskegon. Let as few changes as possible be made at this time and let these be the most necessary. Let us have a campaign of education in which every one will throw whatever light he may have upon every recommendation submitted by the commission. And, in order that an impression be not created among us that someone is attempting to put through some bad with the good by crowding all the changes through under one "yes and no" vote, let us vote upon the charter changes section by section. We can always have another charter commission if the people desire it.

And let us secure broad minded men from the lists that will be sub-

mitted to us. Let us ask ourselves before we vote whether or not this man or that man is able to look up on the charter revision in the light of what is best for Holland, what will make it grow and what will make life within its corporate limits more desirable than life anywhere else. We want no hide-bound theorist who represents only the cause of a clique of people rather than interests of the city at large. Let us measure our men by these standards so that we may obtain the best charter commission that the city has to offer.

### A Skipper Ireson of 1912

The charges of neglect or refusal by steamers in the vicinity to respond to the S. O. S. cries from the sinking Titanic are made by so many of that vessel, and they seem to be corroborated from so many sources, that the public, even against its will, is beginning to believe them. This is a serious accusation, and, if true, might subject the culprit to even worse treatment than, as told by Whittier, the women of Marblehead dealt out to the hardhearted Yankee sailing master of long ago when

He sailed away  
 From a leaking ship in Chaleur Bay—  
 Sailed away from a sinking wreck.  
 With his own townspeople on her deck.  
 "Lay by! Lay by!" they called to him.  
 Back he answered, "Sink or Swim",  
 Brag of your catch of fish again!"  
 And off he sailed through the fog and rain.  
 Old Floyd Ireson, for his hard heart,  
 Tarred and feathered, and carried in a cart  
 By the women of Marblehead.

any extended recommendations at that time.

I now desire to take advantage of this right and privilege, and to most heartily recommend that you take such action as may be proper, to place all employment for the City, individual, as well as contract, now required to render service for more than nine hours per day, upon a nine hour basis without any diminution of pay; allowing a full day's pay, as now constituted, to each person employed, for the nine hours work, as he at present receives for the longer period.

I have well considered this recommendation for myself, as an employer of labor, and am thoroughly convinced that it is right from a financial as well as an economic standpoint, and I sincerely trust that my recommendations may be adopted by your honorable body.

I feel certain that this movement will soon become general, and that it is eminently fitting and proper that municipalities should be in the vanguard of the movement, rather than to be dragged into it later on. In fact the demand for a shorter day is already becoming so urgent that in our neighboring city, Grand Rapids, the furniture manufacturers are now engaged in a campaign among the different manufacturers of the country, seeking to establish the shorter day in their lines, as an outgrowth of the agitation on this subject.

I am well aware that certain arguments are advanced against the proposition, but scarcely any, if any, it seems to me have any great weight or force.

It is contended that by so doing, we are forcing the issue on the manufacturers, and that they are not at present prepared to meet it. But, gentlemen, this action on our part in no way concerns the manufacturer in our City, as the City in none of its departments comes into competition with any of the manufacturers of our City, or its employees.

It has also been urged that the men employed by our City do not do a full or honest day's work. This I characterize as an insult to labor, on the one hand, and if it is true to any extent then it is the fault, as much, if not more, of the superintendent, or overseer, as of the individual employees.

We also hear the remark that many of those employed by the city, are old and incapacitated for a good day's work. If this is true then the more the need of the shorter day, and may it also be economy for the City, and justice to the employee, to give such a one some employment, and assist him to be self-supporting, rather than to make him an object of public charity.

Another argument against the shorter day system for the City, and one having some apparent grounds, on the surface, is that by so doing we are compelling laborers of the City to pay City employees for the shorter day, while themselves compelled to work for the longer period, on account of the taxes they are obliged to pay. While this is true, yet a large part of the City pays taxes for objects, from which the benefits to be derived by the individual are extremely obscure. In addition let me say, that after extended interviews with men in all conditions of life, upon this subject, I have yet to meet the first one who is opposed to the change. Some favor the shorter day, but insist that there should be a corresponding decrease in pay. This

would make the laborer stand a penalty on account of the change, which he can ill afford to stand, as he certainly needs all he is receiving at the present time to maintain himself and family, to say nothing of any attempt to lay aside anything for the rapidly approaching future, when his earning capacity may be cut off entirely.

I am satisfied that men will do proportionately more work in nine hours than under the longer system, and that better results will be secured in general. I also believe that we owe it to the laboring man to reduce his working hours, as work becomes more strenuous, and competition and greed keener, to such hours as will enable him, for the longest possible period of his active lifetime, to remain efficient and able-bodied, and a producer of results. The ultimate outcome of the change can only be for good.

I bring this matter before you, thus fully and fairly, and with the earnest and sincere hope, that the same will be adopted.

Very respectfully yours,  
 Nicodemus Bosch.  
 Mayor.

License was granted to Anton Seif to manufacture and sell beer. He furnished bonds for \$3,000. The engineers report should that 26 out of 37 gas tests were below standard. The report was filed.

The question to the removal of objectionable buildings was brought up and it was shown that buildings ordered removed six years ago were still standing and the orders ignored. The city attorney was instructed to meet with the ordinance committee and take steps to see that these are removed at once.

Alderman Dyke introduced a resolution and supported by Alderman Sterenberg moved that the mayor's message be adopted by the council. This resolution caused a general debate among the aldermen. Alderman Mersen wanted to know whether or not the council employed the men or merely worked with the different boards. A ye and nay vote was insisted upon; Alderman Harrington wanted the question thoroughly discussed as he objected to having anything shoved down his throat. The mayor told the alderman that the matter had been discussed in the council for the past year and no further discussion was necessary. Alderman Mersen took exception to this statement of the mayor, he maintaining that this question had not been touched by the old council until the last few meetings and that personally he would prefer that the question be deferred until the proper time.

Alderman Lokker asked that he be privileged not to vote on the question as he was not ready yet, that this was a serious question, one that demanded careful deliberation and he was not willing to interfere in another man's business. The privilege was granted him but it was decided to discuss the nine hour day with ten hour pay at last night's meeting. Then Alderman Lokker wanted to know if this resolution would immediately become a law and the effect it would have on labor during the coming summer when so much paving will be done in the city. Alderman King said that this would become a law and that the contractors would know of this law before hand and figure accordingly. It was the city attorney's opinion that the time would be specified in the contracts.

Alderman Dyke said that the short day with full pay had proven successful in this and other cities by the different unions. Harrington favored the short day but opposed the full pay.

Alderman Mersen said: Personally I am in favor of this proposition under the right conditions but it seems very strange that this question should be brought up by the city council; it does not seem that the council should set the wages and number of hours on competitive labor. It is a known fact that a man's efficiency increases with the length of time he works. This does not seem to me to be the right way to go at this thing. Let the boards who know the conditions under which the men in the city employ labor, take care of this. I stand for the best interests of the city and while I recognize that the working man has certain rights and is the real producer, I feel that we are going at this thing in the wrong way.

Ald. King said. During the recent mayoralty campaign both Mr. Bosch and myself included this nine hour proposition in our platform and as 1400 of the city voted for either Mr. Bosch or myself it would seem that the city working men want the nine hour day with ten hours pay.

When put to a vote the resolution was adopted by the council, the vote standing 7 for and 3 against, Ald. Mersen, Harrington and Brower, voting against the adoption.

The paving of State street was referred to a committee consisting of Ald. Brower, Mersen and Sterenberg for investigation.  
 Council adjourned until next Mon

#### Danhof For Probate Judge

(Political Adv.)

James J. Danhof, ex-city attorney of Grand Haven is being enthusiastically boomed by Ottawa County Republicans for Judge of Probate. He is well known as a leading citizen and prominent attorney in this community. His legal attainments are well known and while city attorney of Grand Haven for four years received the commendation of people and press of Grand Haven.

James J. Danhof

His boom is vigorously pushed by leading Republicans from all sections of the county, and is being everywhere cordially supported by the voters. Having been urged to enter the race, he has decided under these favorable circumstances to enter the contest against Judge Kirby, who has held the office for about eleven years and is seeking a fourth term.

Mr. Danhof has resided nearly all his life in Grand Haven where he was born, and in his early years worked for three years at the tailor's trade, attending school in the winter time.

Later he entered Hope college Holland where he spent four years and put in many Saturdays working at the trade at the tailoring establishment of Mr. Bosman, who kindly assisted him with work.

From Hope College he received the degree of Master of Arts. He served four years as deputy collector of customs under the Hon. H. C. Akeley, Collector of Customs for the District of Michigan. When Mr. Akeley resigned Mr. Danhof became the trusted private secretary and confidential man to Mr. Akeley for a number of years. Later he entered the law department of the University of Michigan, graduating therefrom in 1893, and has been in the active practice of law ever since. He is a close student and thorough in what he does. Is courteous, kind, obliging and stands for what is right.

Mr. Danhof has had large business experience and is familiar with commercial affairs, a man of good judgment, all of which qualifies him for the Probate Office. He is of Dutch ancestry and his parents who came here in 1854 were among the earliest Holland settlers of Grand Haven. He is an active member of the Second Reformed church of Grand Haven and was a member of the consistory for ten years and resigned believing that others should assume those duties.

While Mr. Danhof has been active in Republican circles for years, he has never run for any county office. Should he be nominated and elected the public can be assured of prompt and impartial treatment in all probate matters. He cordially asks for your support. Primaries August 27.

#### GOOD NEWS

Many Holland Readers Have Heard It and Profited Thereby.

"Good news travels fast and the thousands of bad back sufferers in Holland are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Holland, Mich., says: "Last winter I was all crippled up with my back and it was then that I used Doan's Kidney Pills. For a week or two I was unable to get about and I often thought my back would break. Mornings when I arose I could hardly stoop to tie my shoes. I had heard so many people speak favorably about Doan's Kidney Pills that I got a box and it was not long before they brought me relief. I have had no further need of a kidney medicine."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo N. Y., sole agents for the United States.

## ATTORNEY THOS. N. ROBINSON SPEAKS BEFORE LITERARY CLUB.

Had Been Asked to Speak Last Winter But Was Prevented By Blocked Track.

Friday afternoon in the high school auditorium of the Saugatuck high school before the Literary club of that village Attorney Thos. N. Robinson of this city delivered an address on "Socialism Today." Mr. Robinson had been invited to speak on this subject last winter before the Twentieth Century Club of that place but on the evening when he was to speak the track between Holland and Saugatuck was blocked by snow drifts and the address had to be postponed. The Literary Club this afternoon had invited the people of Saugatuck to attend the lecture and the auditorium was crowded when the young Holland attorney arose to speak.

The address was a very comprehensive consideration of present day Socialism and the socialists of Holland were often referred to by the speaker. Prefacing his address with the remark that the talk was in no way to be looked upon as socialistic propaganda Mr. Robinson declared that he was a Republican and a Taft Republican at that. He said he had been interested in the theory of socialism for a long time and there was much in it that was worthy of most serious consideration and much that he could not help but condemn.

For instance such radical measures as a socialist spitting on the American flag and reviling it; discrediting the digging of the Panama canal the most stupendous work started by the American government; the reviling of American courts and attempting in every way possible to make the judiciary seem mean and corrupt; the protests that they constantly make when more battleships are being built by the government as a safe guard of peace; the discredit they try to throw upon every American soldier and sailor; the propaganda against such a worthy movement as the Boy Scouts—all these things, said the speaker, he most heartily condemned.

In the past, he said, many communistic schemes had been tried and they had always proved a failure. And even in Milwaukee, although the socialist defeat of this year was not really a defeat since Socialists polled 3000 more votes than ever before, the socialist administration had called for a budget of one million dollars more than former administrations, and the city had been governed by a "ring."

That there are great social evils, said Mr. Robinson, no thinking man can deny; and that these evils must be righted no one can deny. And the socialist party has done a great work in calling attention to these evils. It has opened the eyes of the people and the remedies are sure to come. But that this remedy lies in socialism the speaker denied. He said that it did not lie in stirring up class hatred and arraying the masses against the classes. The socialist strength is drawn from two sources, the very well educated and the uneducated. The speaker said he believed the great middle class of the American public would bring about the desired reforms and that they would be brought about gradually and not by revolutionary methods.

## THE REV. F. O. GRANNIS HAS CURIOUS VOLUME IN HIS LIBRARY.

Date of Publication Was About 30 Years After Printing Was Invented.

The Rev. F. O. Grannis rector of Grace church, is the owner of a book that was printed in 1480, 30 years after the art of printing was invented. It is perhaps the oldest printed volume in this state and one of the oldest in the United States. The book was presented to the Rev. Mr. Grannis by a former parishioner of his in another city; it is in the Holland language and the old time heavy German type is used. Several of the Dutch scholars in this and other Dutch cities have examined the book and are very much interested in it.

It is a volume about a foot in length and several inches in thickness. It is bound in very heavy covers probably a quarter of an inch in thickness and the volume shows signs of the centuries of wear since it was printed on a hand press in the early days, perhaps by an itinerant printer. It is illustrated by numerous wood cuts of Noah's ark, the tabernacle and various scenes in Bible History. These cuts are naturally extremely crude since the art of cut making was at that time in its very infancy. These illustrations in the book are colored by hand and the entire volume shows that the crudities of the art of printing were considerably hidden by hand work. That was in the days when the art of transcribing books by monks had reached a very

high plane and when that was an art in which remarkable beauty of character and design had been reached.

The subject matter of the book is the story of the Bible from the time of Adam and Biblical history up to the year 1474. The crusades come in for a good deal of attention and the Middle Ages that came to a close about that time are treated as modern history. The book shows that as time went on many annotations were made in it by scholars and no doubt at one time it was considered an authority. The name of the author is Veldenaer.

## MARTIN COBURN OF BEAVERDAM TAKES OWN LIFE BY HANGING.

Upon Return From Visit With Friends in Zeeland; Cause for Act Unknown.

Returning from a visit with friends in Zeeland at about eleven o'clock Friday morning the first sight to meet the eyes of Mrs. Martin Coburn of Beaverdam upon reaching home was the lifeless body of her husband lying upon the floor of the barn where it had fallen after he had committed suicide by hanging.

Help was summoned immediately but life was extinct, no one knowing just how long the body of the unfortunate man had been lying there. No reason for the desperate act can be found unless it be worry over property entanglements. Coroner Cook of this city was summoned and visited the scene of the tragedy this afternoon.

Mr. Coburn was about 58 years old and besides his wife is survived by two sons, Milan of Grand Rapids and Louis of Detroit, and a daughter Zena who teaches the Huyser school at West Beaverdam. He was a brother of Dr. Milan Coburn of Coopersville. Seth Coburn of Hudsonville and Mrs. Nelson Stanton of this city.

## DR. B. B. GODFREY DISCUSSES SUBJECT BEFORE LITERARY CLUB.

Thinks Next Move in Government Will Be National Department of Health.

"Health Problems" was the subject of an address delivered yesterday afternoon by Health Officer B. B. Godfrey before the Woman's Literary club. The Woman's Literary club occasionally gives a program to health matters and matters of elvic beauty and progress and yesterday's was one of those meetings.

"Health is the foundation on which rests the happiness of the people and the power of the state," was the fundamental maxim on which the health officer based his remarks. "For that reason it is the first duty of the state to care for the health of the people. People are in the habit of laughing at the claims of science and make fun of what they call health fads. But in spite of the ignorance and stupidity shown in this attitude health conditions have steadily improved. At present the average length of life is 44 years, and the time is not so very long when it was only 25 and later 30 years, showing definitely what the advance of science has done."

"The average man seems to take the attitude that human disease is something mysterious that is at the mercy of some outside arbitrary power and he is willing to let himself be fooled by any quack that comes along. The attitude taken toward disease in animals and plants is far different. If there is an epidemic among pigs or potatoes the government immediately makes all efforts to find out the reason. But on human diseases they are not so urgent."

Dr. Godfrey said that the next move in government should be a Department of health in the national government with a secretary of health in the president's cabinet.

"There are still many problems before us" continued Dr. Godfrey, "and some of them are hard to solve but they are gradually being solved. The great advance today is preventive medicine. This is driving the quack doctor out of business by depriving him of patients."

Turning to the situation in Holland Dr. Godfrey said that the situation here was remarkable. There has not been a death from typhoid fever in the past fourteen months and during the past twelve months no child under five years of age has died in this city of a preventable disease. But there are still many improvements that can be made and the health officers asked that the women of the city do all in their power to aid in the work of making this the best city in the state to live in.

## HOBOS SAY THEY WERE TAKEN FROM OTTAWA JAIL TO DETROIT

Compare Bills With Sheriff's Records—Prosecution Wants Lodging Accounts.

Allegan Mich., May, 2.—Ottawa county supervisors and hoboes divided the attention of the grand jury drawn to hear the conspiracy cases against Sheriff Andre and Deputies Klaver and Salsbury yesterday.

Burton Mulder, who was sentenced to serve 10 days in the Ottawa county jail for vagrancy and John Lannon, another of the same type, furnished testimony considered to be highly damaging to the case of the defendants.

## STATE OF MICHIGAN—The Probate Court for the County of Ottawa.

At a session of said court, held at the probate office, in the city of Grand Haven, in said county on the 29th day of April, A. D., 1912.

Present: Hon. Edward P. Kirby, Judge of Probate.

In the matter of the estate of

Martin W. Cramer, deceased

Arthur VanDuren having filed in said court his petition praying that a certain instrument in writing, purporting to be the last will and testament of said deceased, now on file in said court be admitted to probate, and that the administration of said estate be granted to himself or to some other suitable person.

It is Ordered, That the

27th day of May, A. D. 1912

at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Holland City News, a newspaper printed and circulated in said county.

Lannon said that he had been arrested for being unable to furnish visible means of support and sentenced to spend 10 days in the county jail. On the day of his release, he says Deputy Sheriff Klaver asked him if he would not like a trip to Detroit and serve a nice long winter term there.

The witness declared that after talking the matter over with George Blovelt, another prisoner, they both decided to go. He says that they were arraigned in the jail office and both sentenced to 90 days at Detroit.

Mulder declared that he had been taken from the Ottawa county jail on the eighth day of his term, arraigned in the jail office, named Harry Moore by Deputy Klaver and sent to Detroit for 65 days.

Charles J. Clayton, former supervisor, testified that the committee named to audit the bills of the sheriff had merely compared them with the jail records, and if the amounts were

identical they were allowed. He said they had considered the sheriff's name on the bills was conclusive that they were all right.

A. J. Knight, another supervisor, testified to the same things as his predecessor. On cross examination Attorney Lillie asked him whether in his opinion officers should receive pay for overtime work. He replied in the affirmative.

This drew a remark relative to the fact that supervisors had drawn pay in Ottawa county when they were absent from the meetings from Attorney Clink.

Special Prosecutor Hoffman asked for a subpoena today for Edw. Buxton, former deputy now acting as the sheriff of Ottawa county. He declared that he wants Buxton to produce the lodging accounts kept by the sheriff's force which the prosecution has been unable to locate.

Gentlemen:—

Your letter of March 31st came to hand. First of  
all, I want to thank you for your courtesy, which I ap-  
preciate very much. The Red Cross Shoes you sent me are  
very nice indeed and I am sure I shall enjoy wearing them.  
I enclose check for \$10 in settlement of your bill.  
As to new shoes, I would like to have another pair  
made of white cravenette, same shape as the black cloth  
only a little more pointed. I am leaving for the other side,  
probably May 2nd, and I should like to have the shoes  
before this date.

Thanking you once more for your kindness, I remain,  
Very sincerely yours,  
JOHANNA GADSKÉ.

Come in and let us show you the latest styles in the Red Cross
